## Junior Girl Scout Troop 371 Holds Court Of Awards

The Junior Girl Scout Troop 371 of Ridpath School held its court of awards Thursday afternoon in the school cafeteria. This year was the first the troop had worked on badge requirements. They earned the Sign of the Arrow. Some of the requirements are: learning about our country's symbols and flag, foreign greetings, background of Girl Scouting and earning three badges (Backyard Fun, an outdoor badge, Hospitality and Songster). An extra badge earned was My Troop, which helps each girl to be a better girl scout in her troop.

The year has been a full one aside from working on badges, the troop had an all day outing with Cadette Troop 353 at Fern Cliff, a party for their mothers, a girl scout birthday party at the Armory, a cook out at the park, selling girl scout cookies and an overnight at Fern Cliff last weekend which was exciting as the hail came in the size of jaw breakers. Our service project of cleaning up after Little Olympics and a workshop at Brazil, Indiana, was attended by the following girls of the troop, Debra Bryan, Sherri Carpenter, Peggy Eppelheimer, Lynn Ann Jackson, Shirley Noel and Cindy Smith.

Seven girls had perfect meeting attendance for the year: Geraldine Allee, Pamela Custis, Peggy Eppelheimer, Lynn Ann Jackson, Shirley Noel, Cindy Smith and Marilyn Williams. Even though our Court of Awards ends our meetings for the year, scouting will continue for some of the girls looking forward to: a trip to Spring Mill Park Girl Scout Day Camp at Fern Cliff and 12 days of established camping at Poland. The troop leaders are Mrs. Marilyn Jackson, Mrs. Ruth Noel and Mrs. Marge Smith.

## Theater Tryouts Sunday, Tuesday

Tryout dates for the first Putnam County Playhouse attraction of the summer have been set for this Sunday afternoon and next Tuesday evening, according to James Elrod, president of the civic drama group.

The first play of the summer season, "The Silver Whistle," will be presented the second and third weekends of July, according to Elrod.

Tryouts will be held on Sunday, May 24, from 2:00 to 4:00 p.m. in the auditorium of Speech Hall, corner of South College and East Seminary Streets. Additional tryouts are scheduled on Tuesday, May 26, from 7:30 to 9:00 p.m. at the same place.

The parts in the play are for persons 25 years of age and older. Elrod particularly urges persons of 50 years and older to attend the tryouts. The play was chosen in part, he said, to encourage the older members of the community to participate in Playhouse productions. The play, by Robert E. M. Enroe, was first produced on Broadway in 1948. It has been featured on the "Play of the Week" television series. The action concerns a group of older persons living together in a home. The theme may be described as a search for a satisfactory philosophy of life, or an inquiry into the nature of happiness, according to Elrod. In selecting this play for presentation this summer, the directors of the Putnam County (Continued on Page 2)

Miss Elizabeth Daggy was hostess to the Tri Kappa sorority. Virginia Scott underwent a tonsil operation at the county hospital. Donald Riley was here from Indianapolis. Delta Theta Tau met with Mrs. Russell Vermillion.

## Glue Caused Death

PORTLAND, Maine UPI — The death of a 12-year-old boy was blamed today on over-exposure to model airplane glue. Officials said Merle D. Dockendorff, 12, died Wednesday at a Portland hospital from chronic inhalation of "a very toxic substance," the airplane glue, during a period of six or seven years. Dr. Keith A. Buzzell said exposure to the glue came while he was making model planes.

## Bainbridge Lions Hold Election

The Bainbridge Lions entertained their wives at a Ladies Night dinner at the Bon Ton Cafe. During the evening two new members, Walter Steven and Don Phipps were inducted into the club.

Officers for the coming year were elected as follows:

President, Clarence O'Hair; 1st V.P., Gene Hess; 2nd V.P., Gilbert O'Hair; 3rd V.P., Treman Greede; Lion Tamer, Don South; Tail Twister, Virgil Sharp; Secretary, James Redd; Treasurer, Albert E. Harshbarger; Director, Gerald Proctor; Director, Virgil Grimes.

The club was given a tour of the World's Fair in New York by way of pictures presented by Dave Manson of the American Airlines.

## Asks PSC Probe Water Supply

TERRE HAUTE UPI — Mayor Ralph Tucker claims his city's water is not fit for human consumption and he wants the Indiana Public Service Commission to investigate.

He also asked the PSC Thursday to suspend the rates of the Terre Haute Water Works until the situation has been remedied.

Tucker said the water has an "offensive and noxious odor" and that his office has received hundreds of complaints from users. "many of whom suffered nausea."

Water Works manager W. Ray Mize said dead leaves floating down the Wabash River tentatively had been blamed for the unpleasant taste. He said he has been trying to find the right chemical to eliminate the offensive taste.

## Fillmore Lions Elect Officers

The Fillmore Lions Club held its May dinner meeting at the Methodist Aid House Thursday. The program opened with the singing of America and reciting the Pledge of Allegiance to the flag. Following a delightful banquet several guests were introduced including Dave Grimes who gave an informative slide talk on the advantages of using limestone in farming.

A business meeting followed in which the officers for 1964-65 were elected. The following is a list of new officers: President, Robert Pickett; 1st Vice Pres., William Craig; 2nd Vice Pres., Marion Sears; 3rd Vice Pres., Don Austin; Secretary, Jim Miller; Assistant Secretary, Herschel Scobee; Treasurer, Dennis Bowen; Tail Twister, Don Cash; Lion Tamer, Cleo Arnold; 2 year Director, Jim Giddings; 2 year Director, Don Whitehead; 1 year Director, Cecil Phillips; Chaplain, Gene Cash.

## Poppy Chairman

ALBANY, N. Y. UPI — The local unit of the Veterans of Foreign Wars knew just where to look for a chairman to head up this year's poppy drive. They picked Harry Poppey of suburban Westmere, naturally.

LOUISVILLE, Ky. UPI — George Norton IV, 30, president of Radio and Television Stations WAVE, Inc., was killed early today when his car left U.S. 42 east of here, went up an embankment, overturned and burst into flames. Jefferson County police said Norton was thrown from the vehicle.

## Seizure Fatal To Atom Expert

GOETTINGEN, Germany UPI — Dr. James Franck, 81, the Nobel Prize-winning scientist who helped harness atomic energy, died Thursday of a heart attack.

The mild-mannered scientist, who shunned public appearances and publicity, was on a sentimental visit to this ancient university town where he once taught.

Franck won international fame for his pioneer work in subatomic energy and was one of the world's leading theorists in the field of photosynthesis. It was here at Goettingen University that Franck discovered the laws governing the impact between electrons and atoms. He and Dr. Gustav Hertz were awarded the Nobel Prize in 1925 for the feat.

## Diplomats Study UN Peacekeeping Suggestions By Adlai Stevenson

UNITED NATIONS, N.Y. UPI — Diplomats here discussed possible ways today of putting into effect U.S. Ambassador Adlai E. Stevenson's suggestions for a U.N. peacekeeping role in Southeast Asia. "And if anyone has the illusion that my government will abandon the people of Viet Nam—or that we shall weary of the burden of support that we are rendering these people—it can only be due to ignorance of the strength and conviction of the American people."

Washington's willingness to have the United Nations participate in affairs of the strife-ridden area encompassing Laos, Viet Nam and Cambodia was regarded here as the most significant development in Stevenson's policy review before the Security Council Thursday. The council was in recess until Monday morning. Its debate on Cambodia's charge of aggression by South Viet Nam and the United States has mushroomed into a full-scale discussion of the whole Southeast Asian situation.

Stevenson avoided direct accusations against Russia in his speech, but in blunt talk to the Kremlin's Communist colleagues he said: "The United States cannot stand by while Southeast Asia is overrun by armed aggressors. As long as the people of that area are determined to preserve their own independence and ask for our help in preserving it, we will extend it."

## Byrd Calls For Cut In Spending

WASHINGTON UPI — Sen. Harry F. Byrd, the Senate's chief economist, called today for a \$6.5 billion slash in President Johnson's fiscal 1965 spending plans to head off a fifth consecutive federal budget deficit.

The Virginia Democrat's economy call came after the White House announced it was revising upward of \$4.9 billion to \$5.8 billion the estimated budget deficit for the fiscal year beginning next July 1. Johnson gave the \$4.9 billion estimate when he submitted his budget to Congress in January.

Officials blamed Congress' delay in passing the administration's big tax cut for the increased deficit for fiscal 1965. But the delay cuts two ways—the deficit for the current fiscal year, which ends June 30, will be \$8.8 billion rather than the \$10 billion originally estimated.

The White House gave this new picture of federal finances for fiscal 1964 and 1965 in billions.

It was brought out in court that Garrett escaped from the farm on May 14, but voluntarily turned himself in to the authorities on May 18.

Judge Hamilton sentenced him to serve 1-5 years in the state reformatory at Pendleton. The judge then suspended the sentence and ordered him returned to the farm to serve out his term there.

Masterson was sentenced to serve 1-5 years in the reformatory.

## 2 Farm Escapees In Circuit Court

Two inmates of the Indiana State Farm, charged with escaping from the institution, were arraigned in the Putnam Circuit Court Thursday before Judge Francis N. Hamilton.

Robert Thomas Garrett, Jr., 19, Indianapolis, and Lon Charles Masterson, 25, Eaton, both entered pleas of guilty.

San Francisco attorney Alvin J. Rockwell tonight will receive DePauw University's Old Gold Goblet, bestowed annually on the school's alumnus-of-the-year.

Attending a banquet honoring Rockwell will be nearly 400 members of the current senior class and DePauw alumni in the Greencastle area.

Rockwell, a member of the class of 1929, is scheduled to keynote the event after the presentation of the Goblet by Griff McDonald, retiring president of the student body.

The Goblet winner traditionally is determined by vote of the senior class. Last year's winner was Laurence I. Wood, Scarsdale, N.Y. Wood is vice president, secretary and general counsel of the General Electric Company.

Following his DePauw graduation, Rockwell, a Kalamazoo, Mich., native, studied for one year at the University of London, then entered the Harvard Law School.

Earning the LL.B. from Harvard in 1933, he practiced law in Boston for 11 years, including stints as a U. S. Government attorney, special assistant to the Attorney General and general counsel for the National Labor Relations Board.

After World War II he was legal adviser to the U. S. Military Government in Germany, serving from 1946-48. Returning to the United States, he became a partner in the San Francisco law firm of Brobeck, Pfeleger & Harrison with which he presently is associated.

Mr. Rockwell is a member of the Massachusetts and California Bars and is a former director of the Bar Association of San Francisco. In 1962 he was appointed to California's Commission on Uniform State Laws.

His DePauw service includes the past presidency of the college's national alumni association, membership on its Board of Trustees, and a term as president of the San Francisco DePauw alumni association.

### Clubs Held Summer Council Meeting

A summer council meeting of the Fifth District Federation of Clubs met jointly with the Present and Past Officers Club at Torr's Restaurant on May 18th with thirty-nine members present for a luncheon meeting. Mrs. John Fortner, retiring president, was in charge of the council meeting at which time Mrs. William Heidebreder, Cayuga, was elected president of the Fifth District, and Mrs. Richard Brockelman, Cayuga, was elected secretary. Mrs. Keith Pickett, Rockville, and Mrs. Clarence Chastain, North Salem, had previously been elected vice-president and treasurer, respectively. All were installed by Mrs. W. H. Pickett, North Salem.

Mrs. Pickett was congratulated upon being elected junior trustee at the state convention in April at Indianapolis. Citations were given out to various clubs. Mrs. A. C. Northup was presented one for writing a play. Mrs. Elmer Seller, chairman of the Cultural Heritage received one for money raised for the Cultural Center in Washington, and Miss Carrie Pierce received one for having the most clubs taking part in the Musical Dimes project which sends two high school students to a music clinic at Indiana University for a week's training. Mrs. D. O. Tate, chairman of the Penny Art Fund, received one for having all her money in first.

Other counties received theirs as clubs rather than as individuals.

Mrs. Walter Jones, Clinton, president of the Officers Club, presided the remainder of the day.

Mrs. Enos Van Huss, Rockville, offered Thanks before the luncheon. All the ladies were delighted to hear Mrs. John Boyd give a very informative talk on the island of Puerto Rico in her charming manner. She and Mr. Boyd spent some time on the island previous to the writing of her most recent book, "Puerto Rico, the Bridge to Freedom."

### Injunction Hits Race Protesters

JACKSON, Miss. UPI — Chancery Court Judge Stokes V. Robertson Jr. issued a permanent injunction preventing civil rights workers from demonstrating in this race conscious deep south capital.

The order makes permanent last summer in the wake of mass demonstrations following a temporary injunction issued the sniper slaying of integration leader Medgar Evers.

Robertson said he felt his ruling was necessary "in order to preserve the peace, tranquility and general welfare of all the citizens of this municipality."

Robertson noted that about 1,000 persons were arrested during the height of last summer's turmoil.

He said a funeral march after Evers' death threatened to get "almost out of hand."

## Complete Work On Foreign Aid

WASHINGTON UPI — The House Foreign Affairs Committee virtually completed work on President Johnson's \$3.5 billion foreign aid bill but postponed a final vote until Monday.

The committee is expected to approve overwhelmingly the measure to authorize another year of economic and military aid to friendly nations. The vote had been expected today but the committee cut short its meeting because the House met an hour earlier than usual.

The bill carries more than \$400 million in aid for embattled South Viet Nam for the year beginning July 1. It is expected to reach the floor for a final House vote early next month. The authorization measure merely sets outside limits for the program, and Congress must pass another bill later carrying the actual cash.

Meantime, Defense Secretary Robert S. McNamara today gave the House defense appropriations subcommittee a two-hour closed briefing on the situation in Viet Nam. It was the third consecutive day he had appeared before a congressional subcommittee.

## Three Named As Pyle Scholars

BLOOMINGTON UPI — Three Ernie Pyle scholars have been named by Indiana University's Department of Journalism.

They are seniors Thomas A. Green, Indianapolis, and Rex Kirts, Lafayette, and junior Richard A. Hagenston, Orlando, Fla.

The Pyle scholarships are awarded from a fund created by friends and colleagues of the Scripps-Howard newspapers' World War II correspondent who was killed on a Japanese island in the Pacific by a sniper's bullet. Pyle, a former editor of the IU student publication, was a native of Dana.

"Wouldn't it burn you up to get to four spades and then find all the trumps in one hand?" he demanded.

"I got four trump tricks, three diamonds, but only two hearts," he ended. And he looked almost happy to be so unlucky.

Now everybody knows that a bridge columnist is the tenderest of God's creatures, but there is a limit to our sweetness. "You'll find sympathy in the dictionary between Stupid and Throw-off," I informed my friend. And I refused to say another word until he had paid for my lunch.

GUARDSMEN PATROLLING CAMBRIDGE STREETS — With the threat of more Negro demonstrations hanging over racially tense Cambridge, Md., steel-helmeted National Guardsmen patrol the city's streets to enforce a ban on demonstrations.

## CLUE SHOULD HELP

No reader of this column would be stuck for the lunch tab, especially with that clue about the location of sympathy.

South can make his contract if he throws off properly. There is no need to rely on West to hold three hearts.

Declarer wins the first trick in dummy with the king of diamonds and leads a trump to the ace, discovering the bad news. Time out for a groan or two and a moment of thought.

Then South cashes two, and only two — of dummy's high hearts. He continues with the ace of diamonds and a trump queen of diamonds and discards to the king. Then he leads the dummy's ace of hearts!

Declarer is now in position to ruff a heart in dummy with the jack of spades. Eight tricks dummy's queen of spades and are home, and South still has his own ten to win the ninth and tenth tricks.

## DAILY QUESTION

You have opened with one club, and partner bids one diamond. It is once more up to you, holding: S Q J 7 2 H A K Q D A K C J 6 4 3. What do you say?

Answer: Bid two notrump. One spade would be an underbid, two spades would imply greater strength in the two black suits, and three notrump would be a slight overbid. The jump to two notrump best describes the hand.

## PHOTO BREAKTHROUGH

LONDON UPI — A sensitized linen canvas for fine photographic prints has been put on the market in Britain by a German firm. It is expected to outlast paper prints many times. Sensitized linen has been used by artists for crude photographic underprints for years but has not been used previously for finished prints.

## LESS EGGS

WASHINGTON UPI — Americans will eat fewer eggs this year than last year's average of 316 each, according to Agriculture Department projections. In 1962 consumption was 324 per person and a decade ago it was 376.

## SHINING REPORT

NEW YORK UPI — The average man uses about three cans of shoe polish a year, according to Esquire Shoe Care Products.

One cup of vinegar added to one gallon of warm water cleans varnished wood beautifully. The glass of the varnish is not impaired.

## Would Visit Cuba

WASHINGTON UPI — Another effort is being made to recruit a party of U.S. college students for a visit to Communist Cuba, according to the State Department.

Officials said Thursday an organization calling itself the "Permanent Student Committee for Travel to Cuba" was making efforts to organize a group to go to the island this summer.

## Suit Over Name

LOS ANGELES UPI — Mae West filed suit Thursday to stop actress Marie Lind from using the name "Diamond Lil." The suit claimed Miss West has become identified with the name and that it has "enormous commercial value." It noted that Miss West wrote a best-selling novel in 1928 as well as a play entitled "Diamond Lil."

## Newsom Proposes

NEW BRITAIN, Conn. UPI — The question of U.S. newsmen going to Red China should be removed from negative cold war diplomacy and restored to the positive field of independent journalism, United Press International foreign news analyst Phil Newsom proposed Thursday night.

Newsom suggested that the United States permit Red Chinese newsmen to enter this country without further discussion. This new initiative in the deadlock would challenge Peking publicly to grant the same right to American newsmen in Mainland China, he said.

## Found Not Guilty

FORT WAYNE, UPI — A U.S. District Court jury Thursday acquitted 10 major oil companies on charges they rigged prices during a gasoline price war at South Bend seven years ago.

The verdict, which came after it was 376.

## Johnson In Plea To Young People

ANN ARBOR, Mich. UPI — President Johnson appealed to young people today to help build a "great society" by restoring American cities, preserving natural beauty and improving the quality of education.

The Chief Executive promised to assemble the "best thought and broadest knowledge from all over the world" for a series of conferences aimed at charting a course toward a better life.

Johnson said in a speech prepared for graduation exercises at the University of Michigan that new methods of federal-local cooperation — "creative federalism" — must be found to attack pressing social problems.

The President planned to fly to Ann Arbor from Washington to receive an honorary doctor of civil laws degree and address 5,000 graduates. An estimated 90,000 persons were expected to hear him speak in the Michigan Stadium.

Johnson's said in his prepared remarks that the United States has an opportunity to become a "great society" as well as a powerful and wealthy nation during the next 50 years.

"It demands an end to poverty and racial injustice — to which we are totally committed in our time," Johnson said.

"The challenge of the next half century is whether we have the wisdom to use our wealth to enrich and elevate our national life — and to advance the quality of American civilization," he said.

## Len Pennyworth Says:

## Walking Is Real Good Exercise When Someone Else Is Doing It

I rode to town the other day with a fellow who was lambasting the younger generation in general and his own teen-age son in particular. According to the dad, the boy thinks that the only useful purpose of the foot is to bear down on the accelerator.

My driver lamented that his young hopeful would drive the car out to meet the school bus if he could get by with it. All errands more than two blocks away call for wheeled transportation. The kid even insists that all school girls want to be "walked home" in a convertible.

When my traveling companion finally moaned to a stopping place in the conversation, I put in my two cents worth by observing that fathers preach the walking theory louder than they practice it.

Walking is good for their children, they say, and then

they build carpools to avoid hoofing it 75 feet to a garage. I've watched any number of these dads drive around the block for 15 minutes, trying to find a parking smack dab in front of the place they intended to go.

My chauffeur had a quick answer for this one. He walked until he could afford to ride. This sort of made sense to me, but I doubt that the boy will be much impressed with this logic.

Walking before riding is a good practice to follow in banking. As my financial advisers, the personnel of my bank have kept me from overspending myself and this business of counseling me on how far I should go and how fast is just another reason why I deal with a Full Service financial institution like the Central National Bank.

## Negro Elected To Church Post

A Negro was elected moderator of the United Presbyterian Church Tuesday at the group's General Assembly at Oklahoma City.

The Rev. Elder G. Hawkins of the Bronx New York, won over the Rev. A. Ray Cartledge of Erie, Pa., a white minister, by a vote of 465 to 368. Hawkins serves a congregation of varied racial and economic background.

The United Presbyterian Church has a membership of

3.5 million.

In Atlantic City, N. J., Southern Baptists refused to endorse racial integration of churches during their General Assembly Thursday. The group, representing 10.1 million persons, voted to handle racial matters as it sees fit.

Federal Judge Sidney Mize took under advisement at Jackson, Miss., Thursday legal attacks on segregation in three Mississippi communities. He promised a ruling "as soon as I reasonably can" in suits seeking desegregation of Jackson, Biloxi and Leake County public schools.

### FCC Continues Station Permit

WASHINGTON UPI — The Federal Communications Commission decided Thursday to permit Station WTVW to continue broadcasting on Channel 7 in Evansville, Ind.

The FCC dismissed an order directing Evansville Television, Inc., to show cause why it should not be required to broadcast on Channel 31.

The proceeding began when the commission was trying to assign more stations to the ultra-high frequency band. The FCC said that significant changes have occurred since its order, including legislation providing that television sets manufactured after May 1, must be equipped to receive all channels.

### Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

#### Be Sure About Contact Lenses

IT IS TIME for a more critical appraisal of the value and the dangers of contact lenses.

Almost imperceptibly a vast pressure has developed for over-the-counter sales of contact lenses.

"Five-minute fittings". "Seeing without fatigue". "Self-lubricating lenses". "Plastic lens substitutes". "Change the eye color to match the dress".

Dr. Coleman The appeal is attractive, but it is potentially hazardous when lenses are not custom-fitted by experts.

More Accuracy Needed Contact lenses must be prescribed and designed with even greater care and accuracy than the lenses of ordinary glasses.

The curvature of the eyeball, the function of the eye muscles, the condition of the lining of the eye and allergic reactions must all be carefully studied before contact lenses are prescribed.

The proper fitting of lenses requires careful scrutiny of every aspect of the health of the eyes.

Improperly Fitted A study conducted at the Massachusetts Eye and Ear Infirmary reported more than 400 cases of eye damage caused by improperly fitted contact lenses.

Not everyone can or should wear contact lenses. "Contacts" are exceedingly beneficial to many, especially as a cosmetic advantage.

But vanity should not lure anyone into their indiscriminate use. They may be worn with complete safety only when prescribed by a trained, licensed expert.

### Judy Is Boomed By Australians

SYDNEY, Australia UPI — Harry Miller, the promoter who brought singer Judy Garland to Australia for three controversial appearances, said today he was "through with the whole thing."

Miss Garland was booed by an audience of 7,000 in Melbourne Wednesday night when she showed up late and had difficulty singing, because of a sore throat.

The singer remained in seclusion today in her 13th floor suite at a Sydney hotel. Two security guards kept newsmen and photographers from seeing her.

"I can't even get to speak

with her," Miller said. "I'll never bring her to Australia again. I've had enough."

## Tennis, Baseball Tilts Scheduled

Small college all-American Dennis Bennema is an odds-on choice to blast his way through to the singles championship of DePauw University's five-team tennis tournament that opens tomorrow at Blackstock Stadium.

Number one man on Wheaton College's team, which carries an impressive 14-9 record, Bennema owns a 19-4 mark in number one singles this year. The invitational tourney, starting at 1 p.m., will include varsity netters from Valparaiso, Wabash, St. Joseph's, Wheaton and DePauw.

Contrary to the format of last week's conference affair won here by DePauw, tomorrow's meet will follow NCAA tourney patterns. One champion will be crowned for all singles competition and one doubles team will emerge from doubles competition.

Each school has entered four men in the singles tournament and two doubles teams.

Baseball action on the home front tomorrow will send DePauw's fourth place conference entry against Butler at 1 p.m.

Bumped from ICC title contention last week at Indiana State, the Tigers need both games. Two wins elevate them as high as second in the ICC, and two defeats could drop them as low as sixth—next to last.

Butler enters the season-ending twinbill with a 4-6 loop record. DePauw is 4-4.

The stakes will be high tomorrow at Terre Haute where DePauw's varsity track team is among three figured to give favorite Indiana State the most trouble in the Little State meet.

DePauw finished 11 points behind the Sycamores and seven ahead of Ball State last Saturday in the conference meet. Added competition in tomorrow's event at Rose Poly will come from defending champion Independent Wabash.

Tigers Mike Pehling and Kirby Bay will return to defend titles in the 2 mile and triple jump, respectively. The meet begins at 12:30 p.m.

## New Stadium

St. Louis UPI — Construction of a \$20 million sports stadium was scheduled to begin here Monday. Following the announcement Thursday that contracts had been signed.

However, there was some question whether the St. Louis football Cardinals would share the stadium with the baseball Cardinals.

## Back In Lineup

CHICAGO UPI — Center-fielder Jim Landis was back in the good graces of Chicago White Sox Manager Al Lopez today after a closed-door 20 minute conference to discuss their differences.

Landis has not played for the Sox since April 16 when he asked the White Sox to trade him after he was criticized by General Manager Ed Short.

## One Stroke Lead

MEMPHIS, Tenn. UPI — Bob Duden, armed with the V-shape putter he calls the "Dude," carried a one-stroke lead today into the second round of the \$50,000 Memphis Open golf tournament.

"I'm used to the ribbing and snickers now, and I don't care what they say," said the veteran Portland, Ore., pro in defense of his unconventional putting technique.

Duden, who uses his self-styled putter like a croquet mallet, shot a 65 Thursday to head a par - busting field which included 33 golfers who finished below the regulation 70.

## Final Weekend For 500 Drivers

INDIANAPOLIS UPI — Car owners, mechanics and drivers today started out the final day of practice before Saturday's start of the final weekend of qualifications for the Memorial Day 500-mile race.

Trials Saturday and Sunday will complete the 33-car starting field for what is expected to be the fastest and richest "500" in history. The first weekend of qualifications put 21 cars in the field with the slowest in at an average speed of 149.744 miles per hour.

Once 33 cars have been chosen, the bumping process will begin as the slowest qualifiers are knocked out by faster machines. Some observers believe there are more than a dozen still unqualified cars capable of speeds in excess of 150 mph.

Veteran Bob Veith, Fort Bragg, Calif., Speedway "rookie of the year" in 1956, got up to what is regarded as qualifying speed Thursday when he turned a lap at 152.027 mph. Veith expects to qualify the car Saturday.

Parnelli Jones, Torrance, Calif., the 1963 "500" winner, demonstrated the capabilities of one still-unqualified car when he got a roadster owned by Mari Hulman George, daughter of Speedway owner Tony Hulman, up to 151.8 mph. Mrs. George and her husband, former driver Elmer George, still hope to find a buyer for the car before the weekend is over.

George, who quit racing last year, still maintains he does not plan to attempt to qualify the car himself. Bobby Marshman, Pottstown, Pa., who qualified his Lotus-Ford in the middle of the front row last week, turned in Thursday's fastest lap with an unofficial clocking of 155.467 mph. Earlier in the day, running with a full load of fuel, Marshman turned a lap at 153.2.

Jones, also running with a full fuel load, was clocked at 151.668 mph. in the car he qualified last weekend. Oil leaks continued to plague 1962 winner Roger Ward, Indianapolis, and veteran Johnny Rutherford, Fort Worth, Tex. Leaks from the cars, both already qualified, had the track shut down for a total of almost three hours Thursday while maintenance crews cleaned up the oil.

## Willie Mays Is Giants' Captain

SAN FRANCISCO UPI — The Giants had their first team captain in eight years today and fittingly enough, the job went to a guy named Willie Mays.

Off to one of the greatest starts in his legendary career, Mays learned of the promotion Thursday after he had crashed two home runs that paced San Francisco to a 9-4 victory over the Philadelphia Phillies. He took the news with the same grace that he can haul in a difficult fly.

"This is an hour I'm very proud of," he said at his locker. "I don't know if I'll have a lot of different jobs to do. I'll talk to Alvin Dark about it."

Then, asked if he would carry the lineup to the plate, Mays laughed and parried: "Man that's not hard!"

Mays' appointment was announced by Manager Dark, the last Giant to serve as team captain. That was in the middle 1950's when Dark was shortstop for the New York Giants.

"Willie Mays is managerial material," Dark said of his former teammate. "I named him because he is a most deserving man who rightly should have the honor. He is a leader without even opening his mouth."

Dark said that he decided Thursday night to name Mays after giving the matter a lot of thought.

## Daniels 4 Hits Detroit Tigers

Just about every time manager Gil Hodges' left knee acts up, Bennie Daniels pitches a brilliant game.

Gil's knee rarely hurt him last season and Daniels didn't cause American League hitters much trouble either. In fact, it was rumored this spring that Daniels was ticketed for the minors or the trading block—a sure cure for Gil's knee if not his pitching staff.

But Daniels got the message and Gil is happily limping around the Washington Senators' dugout.

Daniels four-hit the Detroit Tigers Thursday night, 3-2, for his fifth victory of the season, equaling his total triumphs of last season 5-10.

## Elected By Coaches

Columbus, Ind. — William Stearnman, basketball coach and athletic director at Columbus High School, was notified yesterday that he has been elected president of the IHSAA Coaches Association.

The coaches, in a mail vote, elected Carl McNulty, LaPorte coach, was vice-president, and Robert Nipper, athletic director at Shortridge High School, Indianapolis, secretary-treasurer.

James Rosenstihl, basketball coach at Lebanon, was selected sergeant-at-arms.

## Fight Tonight

CLEVELAND, Ohio UPI — Middleweight champion Joey Giardello, out to regain some lost prestige, takes on unranked Rocky Rivero of Argentina tonight in a 10-round, non-title fight over nationwide television.

The 33-year-old champion will be meeting the fast rising Rivero, 27, for the second time in less than a month. Giardello posted a split decision in their first meeting April 17 but was forced to rally after being staggered by Rivero on three occasions.

## Five Picked For Hall Of Fame

INDIANAPOLIS UPI — Four former drivers and a former president of the Indianapolis Motor Speedway will be formally inducted tonight into auto racing's Hall of Fame.

They are former drivers Eddie Hearne, Caston Chevrolet, Jimmy Murphy and Ted Horn and James A. Allison, one of the founders of the Speedway and its president for four years.

The induction ceremonies will come on the eve of the second weekend of qualifications for this year's Memorial Day 500-mile race at the Speedway. The selections announced Thursday night bring to 32 the number of persons chosen for the Hall of Fame.

Hearne, who began racing in 1909, was national driving champion in 1923. He finished seventh or better five times in eight starts in the "500."

Gaston, youngest of the Chevrolet brothers, won the "500" in 1920 in a car he helped to build.

Murphy, only American to win the French Grand Prix, won the "500" in 1922 and also won the national driving crown that year and again in 1924.

Horn, a three-time national driving champion, never finished worse than fourth in nine consecutive "500s" although he never won the race.

Allison, one of the four founders of the Allison Engineering Co. which is now a division of General Motors Corp.

THE REPUBLICANS BEAT THIS—Democratic cheer leaders display their symbol at the annual congressional baseball game in Washington, but it didn't scare the Republicans. They won 6-5, in a prelude to a Washington-Detroit pro contest.

## Tipton Athlete Suffers Injury

TIPTON, UPI — Danny Crouch, 17, a star athlete at Tipton High School, may have suffered permanent damage to his right eye in a school chemistry accident this week, doctors said today.

Crouch was one of the state's leading football scorers last season with 23 touchdowns as a fullback on the Blue Devil team. He was a starting guard on the basketball team which had a 21-2 won-lost record and defeated both Huntington and Lafayette, finalists in the state tourney.

At first, Crouch was not thought to have been hurt seriously in the accident Tuesday.

But the eye bothered him the next day and he was taken to a specialist for an examination which showed an injury to the cornea likely to leave a scar and possibly loss of sight in the right eye.

## Wabash Seeking 7th Track Title

Terre Haute, — Wabash will race for a seventh straight championship tomorrow in the Little State track and field meet, being held at Rose Poly for the first time since 1922.

Indiana State, winner of the Indiana Conference meet last week, is expected to give the Little Giants their stiffest competition.

## Trainer Appointed

San Diego, Calif. (UPI)—Jim Van Deusen, 31, trainer at the University of California at Berkeley, was named trainer for the champion San Diego Chargers of the American Football League, it was announced yesterday.

## Will Oust Official

INDIANAPOLIS UPI — Dr. Andrew C. Offutt, Indiana State health commissioner, said today the State Board of Health has "instructed me to proceed to remove" Dr. George Morrison of Portland as Jay County health officer.

Morrison was given a hearing Wednesday before the board and was asked to explain why he failed to respond to two letters, one of them registered, inquiring about his alleged failure to report infectious diseases.

## Ex-Clerk Indicted

INDIANAPOLIS UPI — Mrs. Jo Ann Richardson, 28, Danville, former clerk in the Indiana Public Service Commission office in the Statehouse, was indicted by a Marion County grand jury Thursday on a charge of forging a state payroll check.

Mrs. Richardson was charged with forging the signature of an ex-employee of the PSC to cash a check for \$129.90.

## Le Is Reported Rallying Troops

VIENTIANE, Laos UPI — Neutralist Gen. Kong Le today was reported rallying his battered forces on the edge of the Plain of Jars with the help of reconnaissance obtained by U.S. jet planes.

The Communist Pathet Lao offensive on the plain appeared to be slackening, but the Reds claimed they fired on the U.S. jets over Laos.

Kong Le was said to have about four battalions left at Ban Ma, his third command post since the Communist offensive began last weekend. Scattered neutralist troops were fighting their way to Ban Ma for regrouping and others were slipping through Communist lines.

The use of American jets for reconnaissance in Laos was disclosed by the State Department in Washington Thursday. A State Department spokesman said the jets are keeping close watch on attacking Red forces and reporting on the intentions and dispositions.

The spokesman said the reconnaissance missions were requested by the Laotian government of neutralist Premier Souvanna Phouma. He said use of the planes was authorized because the Canadian-Indian-Polish commission supervising the truce in Laos has been unable to "obtain adequate information."

LYNDA AND ESCORT—Lynda Bird Johnson, eldest daughter of the President, is shown in Washington with Marine Lt. David Lefevre, a White House aide who takes her to parties and theater.

FRAMED, HE CLAIMS — U.S. Secret Service Agent Abraham Bolden (above) claims the charge that he tried to sell the file on a counterfeiting ring for \$50,000 in Chicago is a frameup because he told another agent, "I'm going before the Warren Commission and tell about the drinking and disappearance of the agents from their posts while they were guarding President Kennedy in Hyannis Port." "Fantastic allegations," says U.S. Attorney Edward V. Hanrahan. In 1961 Bolden, 29, became the first Negro ever assigned to a president.

"SAMARITAN" KILLER — Bakery worker Kenneth Bruce Martin, 29, looks downcast in custody in Dallas, Tex., after admitting he shot to death a man and his wife who stopped their car to help him when his own car broke down. The former Camden, N.J., resident took the couple at gunpoint to a lonely spot, shot Lenford L. Strickland in the car, made 28-year-old Mrs. Strickland get out and undress. Then he shot her. He was traced through a gun dealer. He didn't even rob the bodies after the point-less murders.

### Cuban Exiles Pray Hopefully

In New York, the pretty, dark-eyed Cuban woman uttered a low-voiced, fervent, "I hope so, Oh I hope so..."

It was a prayer echoed among tens of thousands of Cuban refugees scattered across the United States from coast to coast, buoyed now by new promises that somehow, some day, the Moscow-supported regime of Fidel Castro would fall and that they could go back home.

It was inevitable then that no matter what occurred on May 20, the anniversary of Cuba's independence from Spain, it should in a way be anti-climactic.

For underground leader Manolo Ray's promise that on independence day he would return to Cuba to help revitalize the opposition that finally would topple Castro already had been well publicized, and part of its desired effect already achieved.

Ray, described as tough and shrewd, is a former Castro lieutenant, an expert at sabotage and guerrilla warfare and said by some to be Castro's most feared enemy.

A few days earlier Ray had quit his job as consultant to

The War for the Union 1861-65 in Pictures

**No 423** Captives taken by Lee's Army of Northern Virginia in repulses of Grant forces in May and June 1864, packed prison camps near Richmond and made heavy inroads into depleted food supplies of the city. Furthermore, such concentrations of Union prisoners close to the Confederate capital and fighting lines were dangerous unless substantial numbers of Lee's waning forces were detached to guard them. Hence, many were shipped to Camp Sumter at Andersonville, Ga., and other places in the deep South where Federal troops, taken in the Mississippi Valley theater of war, were also being held.

U. S. Grant had stopped exchanges of prisoners to compound the Rebels' difficulties—and with the realization many Union

men would die Confederate captives before the policy had its ultimate effect of exhausting Rebel manpower.

The Confederates could not maintain food supplies for their own soldiers, and there were shortages even of cornmeal and beans or "goobers" or peanuts for prisoners. Inadequate diet, overcrowding, poor sanitation, and shortages of medicines took heavy toll of the 32,899 enlisted men shipped to Andersonville in 1864.

After the war, the Andersonville commandant, Maj. Henry Wirz, was adjudged to blame for the terrible conditions at Camp Sumter and hanged—the sole execution in the U. S. of a "war criminal."

No punitive actions were taken against commandants at Northern prisons where conditions compared to those at Andersonville—and without extenuating circumstances.

—CLARK KINNAIRD

[←] Camp Sumter, best known as Andersonville, as shown in an early sketch. Originally the slab stockade contained 16½ acres. It was enlarged to 26 acres. The stream shown, the only water supply, became contaminated by the unsanitary conditions and contributed substantially to the death rate. Eventually there were 12,912 graves in the adjacent cemetery.

the Puerto Rican Planning Board and with some ostentation dropped from sight.

Able-bodied young Cubans began disappearing in Miami. Mysterious messages crackled through the air waves. One said:

"From Ismael to Eugenio—the little tree is in the middle of the pasture."

In his island fortress, Castro

himself was reacting with a nervousness that seemed out of proportion to the immediate threat posed either by Ray's revolutionary junta, by "Plan Omega" under the direction of another exile leader, Floy Gu-Movement for Revolutionary tierrez Menoyo, or by the Recuperation led by Manuel Artime, who headed the abortive Bay of Pigs invasion.

POLITICAL QUESTION: WHAT'S A HOME STATE? KENNEDY A NEW YORKER? SALINGER A CALIFORNIAN?

By HENRY CATHCART

Central Press Washington Writer

WASHINGTON—Under the British parliamentary system, persons "standing" for the House of Commons frequently do so from election districts in which they do not reside. The British are used to it, but in the United States the practice has been condemned as "carpet-bagging."

Nevertheless, a Senate seat from California is being sought by Pierre Salinger, who has resided in that state infrequently of recent years, and an even more open case of carpetbagging is being given serious consideration in New York State.

There, Atty. Gen. Robert F. Kennedy has shown sufficient interest in running against Republican Sen. Kenneth B. Keating to dispatch an emissary to take some political soundings. Even before Kennedy got the idea, much the same thing was proposed to United States Ambassador to the United Nations Adlai Stevenson, but he rejected the idea.

Kennedy has about the same claim to residence in New York as Salinger has to California. Joseph P. Kennedy lived there with his family for some years while he became a big operator on Wall Street.

Bobby has stated publicly that he will not serve as attorney general after November. The implication is that he will seek to build some new foundations for a political career, to which he is dedicated. Kennedy would accept the democratic vice presidential nod in a minute, but there are ample indications that President Johnson doesn't want him.

Should Kennedy decide to make the New York senatorial race, he would have powerful support from the Negro vote, as well as from the "Kennedy wing" of the Democratic Party. Bobby's own "image" is one of political savvy and great ability, despite his youth.

However, Keating is listed as a tough man to beat in his own state. He's been campaigning since his election to the Senate six years ago and has made a fine reputation on the Cuba issue.

● UN-STUFFY DIPLOMAT—Those who deplore the endless protocol in diplomacy find Frederick G. Dutton, assistant secretary of State for congressional relations, a refreshing change. Introducing his boss, Secretary of State Dean Rusk, at a recent dinner, Dutton characterized him as a "combination of Socrates and the friendly bartender."

Discussing another of his bosses, Undersecretary of State George W. Ball, Dutton commented on his boundless energy and observed that he was "our version of President Johnson without beagles."

And presenting another of his colleagues, Assistant Secretary of State for Inter-American Affairs Thomas C. Mann, who also holds other positions in the administration, Dutton remarked that he "wears more hats than Hedda Hopper."

Fortunately for Dutton, his activities are primarily with politicians, rather than with foreign diplomats, and they appreciate and respond warmly to his humor. Presumably, his bosses do, too.

**Beauty for the asking**  
By LOIS ALLEE  
Beauty Consultant

**MERLE NORMAN COSMETICS STUDIO**

One thing really nice about being in the beauty business is that you begin to believe that every girl is genuinely interested in improving herself.

Every once in a while, we all see some girl with a perfectly gorgeous complexion, or an older woman who looks absolutely wonderful, and we wonder how she does it.

As a beauty expert, I don't do so much wondering. I know the tricks. You see, beauty is a subtle art, but it's in the reach of everyone. The real trick is to learn how to make the very best of what you have.

## Billy Comments On Viet Nam

ATLANTIC CITY, N. J. UPI —Billy Graham said today the United States should either throw "all we've got" into the Viet Nam war or withdraw completely.

"It is my candid opinion that we ought to get in with all we've got, or get out," the evangelist said.

He also questioned "an American foreign policy that will have American soldiers dying 10,000 miles away fighting communism, while at the same time discouraging heroic Cuban exiles who want to throw out communism 90 miles from our shores."

Graham's foreign policy criticisms were included in an advance release of excerpts from a speech prepared for delivery

before the Southern Baptist Convention (SBC).

## Jack Arthur To Speak Saturday

Jack Arthur, missionary representative of The Pocket Testament League will speak and show a missionary film at Fern Tent Services, 7:30 p.m. Saturday. The film, "Strength For Thy Labor."

Gripping story of a faithful pastor, his lovely daughter and his struggling little flock, and the mighty shaking the whole community received when the PTL Team came to town.

This film will take the viewer to another world, and bring him back with a deeper sense of the obligation that rests upon Christians to reach out in compassion to the millions who live in spiritual darkness, hopelessness and misery.

### Children's Speech Defects

IT IS estimated that almost two million children in the United States between the ages of five and 16 have some kind of speech defect. These may range from a mild lisp to stammering or stuttering and even to the unintelligible patterns of communication.

Surgery of the cleft palate can now be performed safely and with an amazing degree of success, even in children below the age of one year.

Just as it is important to correct physical speech defects so is it important for parents to understand that baby talk in very young children is quite normal; it is only when this speech continues into the early school years that attention should be given it.

Most Outgrow It  
Stuttering, too, is not uncommon in 2- and 3-year-olds. Almost all children outgrow this "speech defect" within a short time. It is a good idea to be as relaxed as possible with these children and to remove any known sources of tension.

There are, indeed, many speech difficulties that are caused and sustained by emotional problems rather than physical ones. When there is any question about this, parents should consult not only a physician, but a child psychologist.

Should Not Be Denied  
The attitude of "This too shall pass" must never deny growing children, or even adults, the opportunity to find greater happiness by the correction of their speech defects.

Remarkable strides have been made by highly trained and skilled speech therapists in the total rehabilitation of the speech handicapped child. These experts have become vital adjuncts to the health team whose aim is total physical and emotional security.

These columns are designed to relieve your fears about health through a better understanding of your mind and body. All the hopeful new advances in medicine reported here are known to doctors everywhere. Your individual medical problems should be handled by your own doctor. He knows you best.
